

Enumeration of the Town of Albany in Green County, State of Wisconsin on the 1st day of June, 1875

J.B. Perry, Town Clerk

Aggregate Population, males and females.

(Transcriber's note, some of this was extremely faded and hard to read or actually illegible. Next to the name are two numbers, the first represents the numbers of males in the family and the second the number of females. Where I have put a (?) this means the name or number is a guess, or I could not read it at all.)
