

## VISITOR LOG SURNAMES Volume 1

This is a list of surnames found in the Visitor Log. Researchers are looking for more information on these names. We will try to put together researchers who are searching the same names while protecting their privacy.

Scroll down to find the surname and in the right column will be a letter that corresponds to the sign in sheet in the visitor log. Be sure to give both columns of information if asking for help.

GCGS volunteers will try to give you information so that you can contact the visitor.
